EXAMINER'S AMENDMENT

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the issue fee.

The application has been amended as follows:

IN THE CLAIMS

Claim 1, line 1, the word "a" (second occurrence) has been deleted. ✓

Authorization for this examiner's amendment was given in a telephone interview with Douglas McKinley, Jr. on April 5, 2002.

REASONS FOR ALLOWANCE

The following is an examiner's statement of reasons for allowance:

Claims **1 and 3** are allowable over the prior art of record because the prior art does not teach or suggest a method of forming a synthesis gas from an exhaust gas stream of a plasma arc waste treatment system containing steam, carbon dioxide and

carbon particles comprising the steps of (a) introducing and (b) exposing as presently claimed, esp., the step of exposing the gas stream to microwave energy having sufficient power and for a sufficient period of time to induce the carbon particles to form said synthesis gas in a reaction with the steam and carbon dioxide.

The prior art does not contain any language that teaches or suggests the above. *Steinwandel et al.* do not teach exposing the gas stream to microwave energy having sufficient power and for a sufficient period of time to induce the carbon particles to form said synthesis gas in a reaction with the steam and carbon dioxide. Therefore, a person skilled in the art would not have been motivated to adopt the above conditions, and a prima facie case of obviousness cannot be established.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Edna Wong whose telephone number is (703) 308-3818. The examiner can normally be reached on Mon-Fri 7:30 am to 5:00 pm, alt. Fridays off.
